FIREFLY

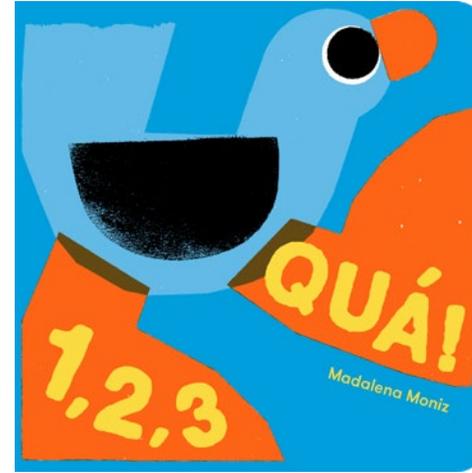

Gonçalo Viana

40 PAGES | 22 X 28,5 CM | HARDCOVER | 4 YEARS + | APRIL 2026 | 16€

What occupies the space between remembering and forgetting? And what is left when our mind and our memory are no longer reliable? From childhood to old age, GONÇALO VIANA's vibrant illustrations walk us through the life of a little girl, who is always accompanied by a restless, shiny and mysterious yellow ball with an odd name: imagination.

Exploring the different roles imagination plays in our lives, and following the strange symptoms of an unnamed disease that readers will recognize as Alzheimer's or dementia, FIREFLY is a gentle and heartfelt tribute to childhood, creativity and imagination.

GONÇALO VIANA (Portugal) is an architect and illustrator, published worldwide. His work has been selected for several exhibitions and, in 2020, his debut album, TRUE COLOURS, received a Special Mention in the Opera Prima category of the Bologna Ragazzi Awards. Viana also collaborates with publications such as The New York Times and Variety.

STOP

Ricardo Henriques & Pierre Pratt

48 PAGES | 22 X 28,6 CM | HARDCOVER | 4 YEARS + | NOVEMBER 2024 | 15€

A traffic police officer is a rare mammal, even more so than the Bengal tiger, the white rhino or that one person who still writes love letters. For a long time, this species lorded over the concrete jungle, keeping an eye out for danger. But what will happen when traffic lights start popping up all over the place?

With a humorous and pun-filled text and colourful hand-painted illustrations, this is the story of agent Simões, the last of the traffic police officers. Let's find out how a trained sleight of hand and full-bellied STOP can be the only things standing between humanity and disaster.

PIERRE PRATT (Canada) studied graphic design in Montreal and has illustrated over 50 picture books. He was distinguished with the prestigious Hans Christian Andersen Award.

RICARDO HENRIQUES (Portugal) is an internationally-renowned author and has worked in graphic design, illustration, advertising. His books have rights sold all over the world.

It wasn't that long ago that girls were forbidden to ride bicycles. Also, it wasn't that long ago that girls had to dress up as boys in order to stand out in society. This is the case of Alfonsina Strada, a girl who loved to ride her bicycle, but had to fight hard for her dream.

In 1924, after winning several competitions, she became the first woman in history to ride in a Grand Tour: the Giro d'Italia. Fast as the wind, she turned into a legend and a symbol of resistance and determination.
